Rainbows Helps Children Heal after a Life Altering Crisis due to separation, divorce, death, illness, military deployment, or other painful family transitions. Rainbows is an international non-profit offering confidential support groups for children to foster emotional healing. Rainbows trained facilitators use proven age-appropriate curriculum having served over 3 million children for 30 years.

Rainbows is a Free Program and open to all families in Monmouth County from all economic, racial, ethnic, and religious backgrounds, and from two-parent, single-parent, or foster-parent families.

Rainbows Sites range from ages 5-18 / Grades K-12 - Children are grouped by ages 5-6, 7-8, 9-11, 12-14, 15-18. Parents and guardians optionally meet at the same time to review the adult materials to support their enrolled children in the program. Visit the web site to get the age availability for each site.

Rainbows Helps Children Heal whether family loss is recent or years ago. We provide a trusted support group environment for similar age children where they can express their feeling and realize they are not alone. Rainbows also helps children develop problem solving and behavior management skills.
