Some of the residents of The Riding Association Neighborhood attended our meeting with concerns of bamboo from a residence on Nurko Road which is encroaching on the conservation easement and several homes on Steeple Chase Road. The residents were asking for our help and advice in resolving this matter. The EC proposed going out and surveying the site and writing a report with their observations for submission to the property governing bodies. The residents left the EC with their contact information so a walk-through can be performed on the site in question.
