

**June 2008**

**ENGINEERS REPORT:**

Last year's projects:

Millstone Road Improvement from Baird Road to Route 33 - The remaining punch list items were completed we will probably process the final payment at the next meeting.

2008 Road Program – Ordinance on for first reading tonight, approximately 10 roads are listed, however we probably will not get them all done.

Fuel tank – 10% complete, waiting on tanks to be delivered.

Monmouth County M49 Bridge on Perrineville Road – signs are going up and we expect the road to be closed starting July 1, 2008 for 6 months.
