Millstone's 9th Annual Stream Clean Up a Success!

The 9th annual stream cleanup was a huge success thanks to all the volunteers who helped by donating their time to make Millstone Township a cleaner place. This was the largest turnout of volunteers, some familiar faces from the previous years as well as some new ones. The clean up, sponsored by the Millstone Township Environmental Committee and the Stony Brook-Millstone Watershed Association, collected over 1,380 pounds of trash. 67 bags of trash, 22 bags of recyclables and there were 3 tires,

All those who participated enjoyed the chance to meet other members of the community and support a common cause.

A special thanks to William J Johnson, Clean Communities Coordinator Monmouth County, the Millstone Township Department of Public Works, and Lori Maher, Millstone Township Clean Communities Liaison for their support. The stream clean up is an annual event and will be held next year, early spring, show your support and come out and join the group.

Thank you,
Doug Lischick, Vice Chairman
Millstone Township Environmental Commission
