Attention All Livestock Owners!

The Board of Managers has started a sub group to focus on the livestock industry, both commercial and private in New Jersey. The livestock constituency lacks an active commodity organization presence in some ways, and therefore can be overlooked by state promotions and support services. The Board of Managers would like to get more involved in the livestock sector.

The Millstone Township Agricultural Advisory Council, working with the Board of Managers, invite livestock owners to sign up so that all can be:

1) invited to livestock educational programs
2) informed during livestock health emergencies and
3) united to become a voice to advocate for the livestock industry.

The Equine owners and enthusiasts have already organized and are a strong group that has been able to accomplish similar goals for their industry.

We want you counted, whether you own 1 animal or 100, in one or more of the following livestock categories: cattle, cows, sheep, swine, goats, chickens, turkeys, ducks, rabbits, llamas, alpacas, bison, geese or guinea hens.

Please submit your name, email address and phone number along with the types of livestock you own. Your information will only be used for these purposes.

Submit to: Melissa Peerboom, Agricultural Advisory Council Secretary m-peerboom@millstonenj.gov
